Dear STA Parents,

We are pleased to announce that when school resumes after the Christmas break, students will have the option to pay for their lunch without using cash. You can now **add money** to your child's meal account, and see their cafeteria **purchase history** all securely **online** from your computer, tablet or smartphone!

The "**K12PaymentCenter**" is the company that will be handling the transactions. They have been in business for decades and have a proven track record. We believe that using this cash-free option reduces the chances of lunch money getting lost or stolen and will save you time. You can even set up **recurring payments**, set up **low balance notifications**, and **transfer funds between students**. It will also save your **payment history** and receipts so you can refer back at any time. You will have access to your child's account 24 hours a day, 7 days a week. Many of you have used similar systems in middle-school. It's simple to setup your account:

- Go to K12PaymentCenter.com from your web browser.
- First time users click "Sign Up" then select your state ("Florida") and district ("St. Thomas Aquinas High School") from the drop-down lists.
- Fill in your information to set up the account.
- Click "Manage Students" to add your student(s) with their last name and student ID number. If you do not know your student id number(s), please click [HERE](#) before you begin and we will email them to you.
- Click "Meal Payments" button to add money to your student(s) account(s).
- Click the Shopping Cart icon in the top right corner of the screen
- Input your credit or debit card information and you're ready to go!

Once you create your account and add your students, you will have access to your student's meal account balance and cafeteria purchase history with no charge. However, please note that when each time you add money to the account, the K12PaymentCenter charges a \$1.95 convenience fee per transaction (not per child) to cover credit card processing. So we recommend that you consider this when deciding the amount and regularity of your account replenishment. For example, you will be charged \$1.95 whether you add \$5 or \$50 to the account.

Please note that STA will not have access to your account information and cannot retrieve user names or passwords. But the **K12PaymentCenter** has a support portal that can help you with those issues. To find out more, please go to K12PaymentCenter.com or email contactus@k12paymentcenter.com
